Prayer

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father, let my country awake

Rabindranath Tagore

Introduction

Mahatma Gandhi Memorial College, Udupi, founded in the year 1949 by Dr. Tonse Madhava Ananth Pai, was his dreamchild, visualised to bring education to the doors of the youth of Udupi and its neighbouring towns. Until then, there were only two colleges in the then Dakshina Kannada District and both were situated in Mangalore. Dr. Pai could inspire a band of enlightened citizens of Udupi to work towards founding the college in this town. The Project was termed then as the wildest of dreams. Dr. Pai faced many obstacles, and at one stage he had to even return the donations he had collected for the establishment of the college. But Dr. Pai, a man of grit that he was, did not forsake his dream of establishing the college. With sheer perseverence, he could mobilise public opinion in favour of the college and inspire and attract donors for this noble cause, irrespective of how much or how little they could contribute. Dr. Pai then had the task of bending the will of the much reluctant authorities of the Government and the University of Madras. With great effort, he secured the permission to found the college in the practically rural environs of Udupi. Dr. Pai's perseverance in this regard was equal to the legendary perseverance of Bhagiratha who brought the heavenly waters of the Ganga down to the earth. Dr. Pai still had another hurdle in his path. The University and the concerned authorities, in accordance with the prejudices of the time refused to grant permission to admit lady students and the famous 'Shantha versus University of Madras' case was fought on the basis of equality of rights ensured by the Constitution of India. The matter, then in the court of Governor, Sri Prakash, was settled in favour of girls with the timely intervention of Smt. Indira Gandhi who was not yet a prominent political figure, but only Jawaharlal Nehru's daughter.

Things did not move very fast, public opinion was slow to change and it was an uphill task. However, once Dr. Pai sincerely set out on his mission he got tremendous and overwhelming support from all concerned. The Swamijis of the Ashtamatas of Udupi blessed the project. The public of Udupi willingly and freely offered shramadhan to raise the building on the site at Sagri where the college now stands. When the building was ready, in 1952, the college which was initially housed in an Elementary school was shifted to the present campus. A dedicated band of eminent citizens of Udupi stood by Dr. Pai and the dream of setting up a college became a reality.

That was seven decades ago. Since then the college has witnessed phenomenal growth and expansion. It is a premier Institution sponsored by the Academy of General Education, Manipal and a pathbreaker to the citizens of many other towns who saw in Dr. Pai, a mentor and guide to help them in

similar ventures. The era of higher education in the district also ushered in an economic revolution.

The college celebrated its Silver Jubilee, Golden Jubilee and the Diamond Jubilee with great splendour. We can recall with pride the milestones in the path of the development of the college, including the inauguration of Madhava Raksha, the magnificent new Administrative Block by Dr. Murali Manohar Joshi, (Ex-Hon'ble Minister for Human Resources Development) on the occasion of inaugurating the Birth Centenary Celebrations of our founder Dr. TMA Pai. The college is the first educational institution founded by Dr. T.M.A. Pai under the Academy of General Education, Manipal which is celebrating its Platinum Jubilee this year.

The college is a premier institution with its dynamic faculty known for their scholarship and academic excellence. It also has a dedicated band of non-teaching staff who look into the diverse administrative tasks of the college. The college has carved a niche for itself in these seventy years of its existence.

The college began functioning with stalwarts and pioneers in the field of education like Prof. H. Sunder Rao, Prof. K.S. Haridas Bhat, who firmly established a tradition of academic and cultural activities in the campus, which was ably carried on by Prof. K Ramdas, Prof. K.K. Easwaran, Prof. K. Rama Bhat, Dr. Alwyn D'Souza, Prof. K Shreesha Acharya, Prof. P.N. Narasimhamurthy, Prof. S. Daniel, Prof. Dr. Gopalan Puthuseri, Prof. Ganapathi Bhat, Prof. M.L. Samaga, Prof. Dr. Jayaprakash Mavinakuli, Dr. P. Venkatramana Gowda, Dr. N. Hala Naik, Mrs. Kusuma Kamath, Dr. Sandhya R. Nambiar, Dr. M.G. Vijaya and Dr. Devidas S. Naik

The college has a state of the art library (Granthaloka) which has a rare collection of books. A Library with more than one lakh volumes, innumerable journals and periodicals which could do credit even to a University, a roll of honour with names of rank holders entered every year. The Department of German Language is unceasingly at work throughout the year. The college has a centre for Gandhian studies which conducts research and organizes workshops and seminars on Gandhian thought.The college provides a forum for many cultural organizations like the Rashtrakavi Govinda Pai Samshodhana Kendra, the Regional Resources Centre for Folk Performing Arts and Yakshagana Kendra to hold the mega events which provide a rare opportunity for the students and teachers of the college to extend the horizon of their knowledge. Cultural activities like the Vadiraja Kanakadasa Music Festival taking place every year, various activities organized by the students

have brought to MGM College the status of an eminent educational institution. The management caters to all the academic requirements of the students. The college offers a post graduation course in Computer Science to impart higher education to the aspiring students. Every year several students get placement in reputed companies which come to the campus for recruitment. Career Oriented Add-on courses sponsored by the U G C enables the students to acquire additional skills and have an edge over the others. The college also strives for the all round personality development of the students. By giving emphasis not only to academics but also Co-curricular and extra curricular activities.

The academically oriented and well accomplished staff of the college have earned a reputation for their unstinted devotion to work. Presently the college has eleven teachers with Ph.D. degree and twelve with M.Phil degree. Many members of the faculty are involved in research work for their doctoral degree from different Universities in their respective fields of study. A few members are recognised as Ph.D. guides to different Universities.

A number of students represent the College at the State and National levels in extracurricular and co-curricular activities. The NCC (Army & Navy wing) the NSS, Rangers, Rovers and Youth Red Cross are functioning efficiently. The College offers value added education and sensitises the students to the local customs and rich cultural heritage. The College has a visionary and supportive Management Committee.

In accordance with the order of the Government of Karnataka, the Mahatma Gandhi Memorial College now has been bifurcated into Mahatma Gandhi Memorial College and Mahatma Gandhi Memorial Pre-University College, on the same campus. After the bifurcation in 2001-2002 the Pre-University College was ably led by Mrs. Padmavathi Badkillaya, Mr. S. R. Arun Kumar & Mrs. Anusuya Karkera.

The College Trust has been the most enlightened one and spares no effort to take the college to its pinnacle. Sri T. Mohandas Pai, President of both the Governing Council and the College Trust has taken on the responsibility of spearheading the various activities of the college. He continues the heritage of Dr. Pai of liberally sanctioning worthwhile projects to the College, intended to improve the amenities for the students and the staff.

Presently Mahatma Gandhi Memorial College is headed by Dr. Devidas S. Naik, M.A. Ph.D. and Mahatma Gandhi P.U. College by Mrs. Malathi Devi and under their able guidance, zeal and dedication, the College is scaling greater heights with a team of dedicated teachers.

New Education Policy – 2020

The Govt. of Karnataka has introduced the New Education Policy - 2020 in Higher Education with effect from 2021-22. The key changes that the NEP in Karnataka will bring are doing away with the triple major system prevalent in the state, creating multiple entry and exist points for students, making degrees four years long instead of three, introducing significant research component in the fourth year. The main objective of the NEP is to reestablish holistic and multidisciplinary education to improve the employability of graduates and to develop in them a well-rounded personality.

With the implementation of this policy, a student has to opt two Core Subjects for BA, BSc and three Core Subjects for BCom, BBA and BCA at the Degree level with on Open Elective Subject, and Yoga, Health & Wellness and Digital Fluency as the compulsory subjects. These subjects are classified as the Ability Enhancement Courses and Skill Enhancement Courses. In every semester, these subjects would change by adding more scope for learning more subjects under the Skill Enhancement Courses. A student would get the Honors degree after the completion of the fourth year in degree with 184 credits.

The new admissions are done through the Unified University and College Management System (UUCMS). The UUCMS is the flagship project, a first of its kind in the country, envisioned by the Department of Higher Education, Government of Karnataka.

In total, the NEP gives greater autonomy to students to choose their learning pathway and develop skill sets, which are likely to make them job creators, thereby giving rise to the entrepreneurial culture.

For III and IV Semester - all combinations

Mangalore university has introduced CBCS from academic year 2019 - 20. The complete version of this may be obtained from the Mangalore University website. Only some of the important points are given in the following pages.

The Salient Features of the Choice Based Credit System (CBCS) (Semester Scheme):

Each course in a programme shall carry certain number of credits, which normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number of contact hours, the course content, teaching methodology, learning expectations, etc.In the proposed programmes, in general, 2 hours of instructions per week in a semester is assigned one credit. In terms of evaluation, one credit is equivalent to 50 marks in a semester. On thebasis of these parameters, a three year degree programme will have a maximum of 100 or 104 credits.

The other features of the CBCS (Semester Scheme) are -

i. The 'Degree Course' is to be replaced by 'Degree Programme' and the term 'Subject/Paper' is to be replaced by 'Course'.

ii. The Under Graduate degree programmes are structured on Credit Based Semester Scheme.

iii. The relative importance of courses of study and activities are quantified in terms of Credits. Total credit of the programme is in the range of 100-104.

iv. Each programme of study will have "Core courses", "Electives" (of Group II & Group III), "Foundation" courses and "Extra and Co-curricular Activities".

The Core courses will consist of compulsory/optional courses which are compulsorily studied by a student in all six semesters, whereas Elective and Foundation courses are opted in I to IV Semesters.

Elective courses are :

a. Supportive to the discipline of study.

b. Providing an expanded scope.

c. Enabling an exposure to some other discipline/domain.

d. Nurturing students proficiency/skill.

The student shall opt any one of the elective courses (a to d) in each semester.

The Foundation course will consist of compulsory foundation and elective foundation. Two languages are compulsory. whereas i) Gender and Equity and ii) Environmental Studies are elective foundation courses which shall be studied in III-IV semester.

v. The declaration of result is based on the Semester Grade Point Average (SGPA) earned towards the end of each semester and the Cumulative Grade Point Average (CGPA) earned towards the end of the programme with corresponding alpha sign grade. However, Grade card will also consist of marks. Hence it will be called as Marks cum Grade card.

vi. Credits

The Credit Based Semester System

The Salient features of the system, as notified by the Mangalore University in its Regulations governing Credit Based Scheme, are as follows:

- The programmes are designed in terms of credits. A three year degre programme will have maximum of 100 credits. One credit represents 2 hours of instruction and in terms of evaluation one credit represents 50 marks in a semester.

- The subjects of study include foundation courses, core subjects, general studies and interdisciplinary subjects.

- The declaration of result is based on the aggregate percentage of marks obtained as well as on Grade Point Average earned.

- **Extra-curricular / Co - Curricular activities are an integral part of the Credit based Semester System and are compulsory for the I II III & IV semester students. The students are required to enroll their names for any one of the EC/CC activities conducted by the college.**

CO-CURRICULAR AND EXTRA-CURRICULAR ACTIVITIES

Co-curricular activities for the students will be organised under different heads like Literary & Fine Arts Club, Commerce Club, Arts Club, Eco Club, IT Club, Rangers, Rovers, Red Cross, NCC, NSS, Science Club and Sports & Games under the supervision and guidance of Staff advisors nominated for the purpose every year. The main purpose of these activities is to stimulate the student's interest in matters of general culture and to train them in the art of co-operative organisation and team work. Students are strongly advised to take part in these Club activities.

Participation of Degree Students in co-curricular and extra-curricular activities is compulsory and will be considered for 50 Marks and credits as per University Rules.

MAHATMA GANDHI SPEAKS TO YOU:

ON MORALITY AND FAITH

Without courage there is no morality, no religion, no life.

Courage, endurance, fearlessness and above all self-sacrifice are the qualities for our leaders.

Humanity is the key to quick success.

True morality consists, not in following the beaten track, but in finding out the path for ourselves and in fearlessly following it.

A man without faith is like a drop thrown out of the ocean bound to perish.

Seven Social Sins according to Mahatma Gandhi

Politics without principles
Wealth without work
Commerce without morality
Education without character
Pleasure without conscience
Science without humanity
Worship without sacrifice.

ON RIGHTS AND DUTIES

The true source of rights is duty. If we all discharge our duties right will not be far to seek.

No man loses his freedom except through his own weakness.

Man is the maker of his own destiny in the sense that he has freedom of choice as to the manner in which he uses his freedom.

The golden rule of conduct is mutual tolerance, seeing that we will never all think alike and we shall always see truth in fragments and from different angles of vision.

A born democrat is a born disciplinarian.

ON EDUCATION

- Satisfaction lies in effort, not in attainment.
- Real education consists in drawing the best out of yourself.
- What better book can there be than the book of humanity?
- By education I mean an all round drawing out of the best in child and man of body, mind and spirit.
- I value education in the different sciences. Our children cannot have too much of Chemistry and Physics.
- There is no one without fault, not even men of God. They are men of God not because they are faultless, because they know their own faults, they strive against them, they do not hide them and are ever ready to correct themselves.
- Confession of an error is like a broom that sweeps away dirt and leaves the surface cleaner than before.
- Nature has so made us that we do not see our backs, it is reserved for others to see them. Hence it is wise to profit by what they see.

- One should think before speaking and never waste a single word.
- Whatever you do, be true to yourself and to the World. Hide not your thoughts. If it is shameful to reveal them, it is more shameful to think of hiding them.
- As a splendid place deserted by its inmates looks a ruin, so does a man without character, all his material well-being notwithstanding.
- The end of all knowledge must be building up of character.
